EDUCATION

Texas A&M University | College Station, TX

December 2028

Bachelor of Science in Industrial and Systems Engineering | GPA: 4.0

Relevant Coursework: MATH 253, PHYS 207, STAT 211, CSCE 111, ENGR 217, ISEN 210, Java

EXPERIENCE

ACE Lab, Texas A&M University

July 2026 - Present

Undergraduate Researcher (Dr. Farzan Sasangohar, Dr. Alec Smith)

- Completed CITI human subjects training and Huron IRB certification to support ongoing research evaluating a parenting coaching application.
- Conducting structured parent/caregiver interviews as part of a qualitative data collection protocol, contributing to human-centered design research on application usability and engagement.

CVS Health | Plano, TX

March 2025 - Present

Certified Pharmacy Technician

- Managed daily operations for a high-volume pharmacy, coordinating prescription processing and insurance claims via RxConnect for 200+ patients daily while maintaining full regulatory compliance.
- Partnered with pharmacists to streamline medication preparation and dispensing workflows under time pressure, ensuring consistent safety and efficiency standards.
- Identified and resolved recurring operational bottlenecks during peak hours, redesigning task sequencing to drive a 47% reduction in patient wait times, measured via RxConnect performance data.

Human Factors & Cognitive Systems Lab, Texas A&M University

July 2026 - Present

Undergraduate Research Volunteer (Dr. Thomas Ferris)

- Sitting in on lab meetings and developing a multi-year research plan with Dr. Ferris, with a focus on the lab's haptic teleoperation project for remote medical examination.

Handshake AI

June 2026 - Present

Fellow, Project Lighthouse

- Write complex, persona-grounded finance prompts designed to stress-test frontier AI models against synthetic financial workspace data.
- Build and score grading rubrics (Critical Elements, Failure Justifications, Golden Trajectory) to evaluate model responses for accuracy and reasoning quality.

IACC Sunday School | Plano, TX

August 2021 - August 2026

Operations Team Leader / Teacher

- Led facility and classroom operations for 600+ enrolled students weekly, managing logistics, scheduling, and safe transitions across multiple simultaneous class sessions.
- Coordinated administrative operations between teaching staff, aligning schedules and resources to keep instructional activities running smoothly.
- Redesigned classroom setup procedures for incoming teachers, cutting setup time by 73%, based on direct manager feedback, an operational efficiency gain adopted program-wide.

PROJECTS

AI Lead Follow-Up Agent | Python, Claude API, Gmail API

- Built and deployed an autonomous outreach agent that ingests JSON lead data, generates personalized email campaigns using the Claude API, and delivers messages through Gmail OAuth integration.
- Engineered production-grade reliability features including dry-run mode, sent-tracking deduplication, rate limiting, and structured error handling; automated quality checks via a GitHub Actions CI/CD pipeline.

HONORS, ACTIVITIES, & RESEARCH

Investment Club | Founders Classical Academy

August 2023 - May 2025

- Competed in the Wharton Global Investment Competition; ranked in the top 6% of 4,000 teams.

TAMU Engineering Academies Resume Challenge

August 2025 - December 2025

- Selected as the sole winner representing Collin College across 13 Engineering Academy campuses.

Founders Classical Academy of Frisco | Frisco, TX

April 2024 - May 2025

- Authored senior thesis "The Rise and Fall of Empires," a 40-page interdisciplinary analysis of social, economic, and leadership factors in historical systemic collapse.

SKILLS

Python | Java | JavaScript | CI/CD | Process Improvement | Operations Leadership | Regulatory Compliance | Root Cause Analysis | Claude API / Prompt Engineering | Data-Driven Decision Making | Cross-Functional Coordination

CERTIFICATIONS

- Nebius Agentic AI Builder Certification - August 2026
- Registered Pharmacy Technician License (TX State Board of Pharmacy) & CPhT (PTCB) — October 2025
